TRAILS

## Welcome to the Geographe Wine Region

### Come and meet the people behind our wines

Less than 2 hours drive south of Perth, Geographe is one of Western Australia's most captivating and diverse wine regions. It is home to majestic rolling hills and native bush hinterland in the East, together with some of WA's best beaches, exciting towns like Harvey, Donnybrook, and the popular tourism destinations Bunbury and Busselton in the West. The sub regions of Geographe are characterised by diverse micro climates as a result of elevated rolling hills, cool sheltered valleys and mild ocean breezes off the Geographe Bay.

While the region produces exceptional Shiraz and Chardonnay, it is becoming increasingly associated with lesser-known Spanish and Italian varietals, such as Fiano, Arneis, Malbec, Tempranillo, Nebbiolo and Vermentino.

## About the Bunbury Geographe region

The Bunbury Geographe is less than two hours south of Perth yet is a destination where one can swim with bottlenose dolphins, breathe clean air and visit boutique wineries established by passionate local artisans.

Your taste buds will not be disappointed either with an impressive array of gourmet eateries nestled around the region.

## About WA Food & Wine Trails
