# A TASTE OF HARVEY REGION

## FOOD & BEVERAGE SAMPLER

## WE ARE HARVEY REGION.

Only 90 minutes from both Perth and Margaret River, you'll find the spectacular Harvey Region - a South West food bowl of amazing local produce and scenic picnic spots.

Comprising the localities of Harvey, Australind, Myalup, Binningup, Benger, Brunswick Junction, Cookernup, Yarloop, Wokalup and Roelands, the Harvey Region's geography is as diverse as its food offering.

Whether it's the zesty, juicy citrus fruits found in our hinterlands, the luxurious olive products grown in Myalup, the rich and creamy treats from our thriving dairy industry, or a fresh catch from the coast or waterways, there is something to tingle any taste bud. Just take your pick!

Many of the big food brands are here (including Harvey Beef, Brownes Dairy and Harvey Fresh) but this sampler highlights the places the locals love - and you are sure to love too.

## WE ARE HOMEGROWN PRODUCE.

By the late 1890s, just a few decades after European settlement, the Harvey Region had become renowned for its produce. While the inland areas were famed for their orchards, the south was acknowledged as a mixed farming and dairying area.

A major irrigation system was developed soon after, making the Region an important agricultural centre for dairying, beef and horticultural pursuits that have continued thriving into the present day.

Citrus fruit, table and wine grapes, and agricultural products are continually developing within the Harvey Region. As well as the many roadside stalls offering an abundance of fresh produce throughout the year, many of our cafes and restaurants have also adopted a farm-to-table approach that celebrates our local resources.

## WE ARE HANDS-ON EXPERIENCES.
